

Safety Alert System hits the professional fishing tour

PWC Industries is committed to making our waterways safer by getting our patented **Safety Alert System** on every water craft in use and being manufactured. We constantly look for high profile and very visible places to advertise. Tournament fishing is one area where fast boats and the desire to “get there first” could spell “collision”. When contacted by professional fisherman, Brian Turner, we jumped at the chance to get Safety Alert onto his boat where hundreds of pros and spectators could see it and appreciate its value in preventing collisions. Below is a short bio on Brian. Enjoy and consider adding **Safety Alert** to your watercraft to improve your family’s safety on the water.

Over the past ten years I have been competing in fishing tournaments all over the state of Florida, and have had the opportunity to work with several great organizations throughout those years. I started fishing local club tournaments several years ago, and really got the itch to compete at a higher level, at that time I joined both B.A.S.S, and FLW Outdoors, to fish in there regional tournament divisions. I have four years fishing the Wal-Mart BFL Series, three years with the BASS Masters Weekend Series, and six years fishing other major tournament trails all over the state of Florida. Other trails that I have, and still fish on are as followed. Xtreme BASS Master Series, Bottom Line Mike's King Of The Glades, Xtreme Redfish Series, IFA Redfish Series, Renegade Bass Masters Series, Night Owl Bass Masters, and the S.A.F.E.R (save the everglades tournaments) Trail. While fishing these trails I have had several top ten, and top five finishes, with three major wins under my belt. Throughout my many years of fishing these tournament trails I have had several great sponsors that I have had the opportunity to work with.

1. SUBWAY
2. Wal-Mart
3. Pennzoil Marine
4. Monster Energy
5. Gamakatsu
6. SPRO Sports Professionals
7. SUNLINE
8. Big Bite Baits
9. Bio Baits.
10. Guideline Professional Eye Wear
11. Dodge Trucks
12. Sunny's Real Pit Barbque
13. PILON Coffee
14. Scents Of Nature

Enclosed are some pictures of the Safety Alert boat. look forward to working with PWC Industries for many years to come, and can only express my true gratitude for allowing me to represent your corporation.

Brian Turner Age 35
